

# Communications between the independent directors and internal audit officer

## Principles of communication :

1. The independent directors and the internal audit officer individually communicate on audit operations. The internal auditors perform the audits based on the annual audit plan. The internal audit officer reports to the independent director (the Audit Committee Convener) once per month after the audit reports are completed and follow the instructions guided by the Audit Committee Convener to strengthen the audits. Furthermore, the completed audit reports would be delivered to the independent directors by next month.
2. The internal audit officer reports the audit operations in meetings of the Audit Committee and meetings of Board of Directors quarterly.
